

## Support Amesbury Jets Football and Cheer!

To whom it may concern,

Amesbury Jets Youth Football and Cheer is a non-profit (EIN: 37-1623246) 50+ year old organization dedicated to the development of young men and women through participation in football and cheering, teaching the fundamentals of their respective sports while building the characteristics of sportsmanship, teamwork, discipline, hard work, responsibility and leadership emphasizing the team over the individual and within the framework of a positive, fun, competitive and inclusive environment. We foster a love of the game and an environment of family that extends beyond the training and game fields and into the surrounding communities in which we serve.

We rely very heavily on the generosity of the communities we serve through volunteering, donations and sponsorships. We feel this reliance only further cements within us as an organization and individuals the connection, dedication and gratefulness we have for the people who give of themselves as volunteers and sponsors to empower us to continue this critical mission. Every year, our facilities, equipment, uniforms and coaches training require repair or renewal to ensure the safety of our student athletes.

Your contributions remain a central means for us to provide the best experience we can for these young people.

**We'd like to thank you for your consideration as 100% of your donation goes right back into our organization!**
